Camps to nearby places are also arranged for them during the academic year.

GUIDANCE AND COUNSELING CELL

This cell helps students identify, understand their personal and psychological problems and guides them to find solutions. Any student from Arts, Commerce and Science faculty can avail of this service provided by a qualified counselor. With its help, students also learn to identify their own potential and set goals to achieve self-actualization and better adjustment in today's competitive world. The Cell is run with the help of a qualified counselor.

TUTOR SYSTEM

We, in our institution, have a unique system known as the Tutor System. In this System a class consisting of 120 students are divided into 3 batches of approximately 40 students each.

Each batch of 40 students is in charge of a tutor a teacher who teaches in that particular division. The tutors maintain the personal data of the students.

Parent-tutor meetings are held regularly. Performance in the Examination or Test and General behaviour of the student are also discussed in this meeting. Feedback forms are provided in which Student / Parents write more about their difficulties and give their suggestions for improvement. The tentative dates of the Tutor Meetings for the Academic year are mentioned in the academic calendar provided to the students in the month of July. Details of students attendance are displayed on the notice board and college website every month. Parents or Student having less than 75% are intimated to meet the college authorities and thus they become aware of the regularity of their wards in the college.

This system has been a great success and parents too have appreciated it.
